

LIFE CONVERSION RATES

Version 08/31/2019

Below are the annual rates to convert your Group Life Plan to either
a **Guardian Whole Life Paid-Up at Age 95 plan (L95 2019 series)**, which is available for ages 0 - 80,
or a **Guardian Whole Life Paid-Up at Age 121 plan (L121 2019 series)**, which is available for ages 81 - 90.

These rates are provided to give you an ESTIMATE of the annual cost to convert your group life coverage. To compute the cost, look at your age (or dependent's age if they are converting) on the appropriate chart, then follow it over to the appropriate coverage amount. You may convert your coverage in any multiple of \$1,000 with a minimum of \$3,000 and a maximum allowed according to your eligibility. Then multiply the cost per \$1,000 coverage by the amount you plan to convert. EXAMPLE: A 30 year old wishing to convert \$175,000 of coverage would compute the premium as follows; (\$1,245.00 + 75,000 × 11.45 per \$1,000 = \$1,245.00 + \$858.75. The total annual premium would be \$2,103.75.
